Discussions were held on the following:

Village Board Meeting -

Amy attended the meeting and shared that the barrier around the playground is going to be fixed and then mulch will be put down. She made the suggestion to the board that the grounds need to be maintained.

Ponds Park -

Amy mentioned that surveillance signs and cameras were supposed to be up - Bob volunteered to go to the park to check on the status.

After a request to the Town of Ramapo, they have provided information about the pesticides and fertilizers being used at Spook Rock Golf Course, Amy to review. The runoff from the course, can directly impact the surrounding properties and the park.

The ponds look good, but the village needs to reinforce the schedule with the contractor.

A hornets nest was spotted in the park, it was decided to let it be as it should be vacant by the 1st frost. Pictures were sent to the village.

Eagle Scout Project. Thomas will be attending the next meeting. Amy has been in contact with him and the progress of the project.
