RE: Homeland Towers, LLC
350 Haverstraw Road, Village of Montebello, NY

Dear Honorable Mayor Millman and Members of the Board of Trustees:

On behalf of T-Mobile, please note that we support the construction of the proposed Homeland Towers' facility at 350 Haverstraw Road, Montebello, New York.

The facility will increase the use of reliable public utility wireless service in the Village. We are interested in installing our equipment and antennas at the facility once approved by the Village and constructed by Homeland Towers.

Thank you for your consideration.
